

VETERANS INNOVATION HACKATHON · AUGUST 28–30, 2026

Listen first. Then build.

Three days where veterans, engineers, designers, students, and nonprofit leaders build the tools veterans actually asked for. Veterans open the weekend by saying what coming home is really like — then we build it together, with them.

WHEN

Fri Aug 28, 6:30 PM

through Sun Aug 30, 9:00 PM

WHERE

Hacker Dojo

855 Maude Ave, Mountain View, CA
94043

COST

Free to attend

Meals and refreshments included

Who we need

- ▶ **Software engineers** — build the prototype
- ▶ **Veterans in tech** — lived experience plus technical skill
- ▶ **Designers & UX** — design for crisis, not clicks
- ▶ **Students** — learn by building something that matters
- ▶ **Project managers** — keep teams focused and shipping
- ▶ **Storytellers** — help teams pitch and land the demo
- ▶ **Visionaries** — see the big idea others might miss
- ▶ **Mentors & judges** — AI, hardware, product, legal/IP, strategy

START HERE

The prototype already runs

Three buttons — **food, ride, shelter**. A veteran taps one; a dispatcher fulfills it. Try it before you show up, then help us make it real.

suasqrf.org/app

DAY 1 — FRIDAY

Listen & form teams

Dinner, veteran open mic on what coming home is really like, nonprofit panel, lightning pitches, teams form.

DAY 2 — SATURDAY

Build with veterans

Full build day. Veterans circulate as advisors and co-designers; mentors on call all day; speaker sessions between sprints.

DAY 3 — SUNDAY

Demo day & awards

Final build, five-minute demos, judging on veteran impact, and prizes that help the best ideas keep going.

Sponsors, partners & veteran service organizations welcome. Sponsorship starts at \$1,000 — cloud and API credits, equipment, mentors, and judges count too. Veterans are collaborators here, not just beneficiaries.
