

Veterans Crisis Line — call 988, press 1 · text 838255

VETERANS INNOVATION HACKATHON · AUGUST 28–30, 2026

Listen first. Then build.

Three days where veterans, engineers, designers, students, and nonprofit leaders build the tools veterans actually asked for. Veterans open the weekend by sharing what coming home is really like — then we build it together, with them, and keep going after the weekend ends.

WHEN**Fri Aug 28, 6:30 PM**

through Sun Aug 30, 9:00 PM

WHERE**Hacker Dojo**855 Maude Ave, Mountain View, CA
94043**COST****Free to attend**

Meals and refreshments included

Who we need

- ▶ **Software engineers** — build the prototype
- ▶ **Veterans in tech** — lived experience plus technical skill
- ▶ **Designers & UX** — design for crisis, not clicks
- ▶ **Students** — learn by building something that matters
- ▶ **Product & project managers** — keep teams focused and shipping
- ▶ **Storytellers & pitch coaches** — help teams land the demo
- ▶ **Mentors & judges** — AI, hardware, product, legal/IP, startup strategy

Veterans are collaborators, not just beneficiaries. No matter your role, there is a place for you on a team.

Free · space is limited

DAY 1 — FRIDAY**Listen & form teams**

Dinner, veteran open mic on what coming home is really like, nonprofit panel, lightning pitches, teams form.

DAY 2 — SATURDAY**Build with veterans**

Full build day. Veterans circulate as advisors and co-designers; mentors on call all day; speaker sessions between sprints.

DAY 3 — SUNDAY**Demo day & awards**

Final build, five-minute demos, judging on veteran impact, and prizes that help the best ideas keep going.

Sponsors, partners & veteran service organizations welcome. Sponsorship starts at \$1,000 — cloud and API credits, equipment, mentors, and judges count too. Every dollar supports a California 501(c)(3) serving veterans in crisis.

IN CRISIS? VETERANS CRISIS LINE**Call 988, press 1 · Text 838255****S.U.A.S. is support coordination, not emergency care.**
